Question No: 41 (Marks: 5)

Explain briefly that Allah alone is authorized to make any modifications in the universe according to His will.

He is the sustainer of the world. He gave from to everything and he looks after them. He makes alteration and changes in their conditions and character. He has predetermined every detail and has placed such proofs in each atom of this universe that every person with sufficient reason can trace Him and seek guidance from him. This is the second dogma of faith and it is obligatory to accept it and believe it.

But, does one become a believer by just accepting this as an article of faith? someone declares before You that Allah alone is the creator of this universe and He alone is the sustainer of everything. Would you accept him as a believer just because of his declaration? Nay, this declaration alone is not enough to be a believer, because many nations of the antiquity made this declaration. The idolators of the Quresh, whose fetishism the prophet Muhammad repudiated and those against whom he waged Jihad, also declared Allah the God of Gods and never denied his existence
