of the following field of psychology is concerned with the human-environment relationship?

the correct option

Environmental psychology

Cultural anthropology

Health psychology

Social psychology

To get future Google Chrome updates, you'll need Windows 10 or later. This computer is using Windows 7.

Question # 7 of 10 (Start time: 05:02:51 PM, 20 November 2023)

----- regions of the Earth are continuously increasing in size.

Select the correct option

☒	Oceanic
☐	Desert
☐	Tropical
☐	Jungle

Question # 8 of 10 (Start time: 05:03:24 PM, 20 November 2023)

The notion that high intensity stimuli require a proportionately larger increase to produce Just Noticeable Difference was given by whom?

Select the correct option

☐	Winston
☐	Wauchur
☐	Watson
☒	Weber

To get future Google Chrome updates, you'll need Windows 10 or later. This computer is using Windows 7.

Question # 6 of 10 (Start time: 05:00:31 PM, 20 November 2023)

Increase ambient temperature leads all of the following physiological change, EXCEPT:

Select the correct option

- | | |
|-----------------------|-----------------------|
| ☐ | Blood vessel dilation |
| ☐ | Perspiration |
| ☐ | Hair loss |
| ☐ | Pupil dilation |

To get future Google Chrome updates, you'll need Windows 10 or later. This computer is using Windows 7.

Question # 9 of 10 (Start time: 05:04:18 PM, 20 November 2023)

Environmental psychology is a _____ behavioral science.

Select the correct option

☐	Multi-disciplinary
☒	Uni-disciplinary
☐	Specific-disciplinary
☐	Unique-disciplinary

If the number of participants in a setting exceeds the capacity for that setting, then the setting is considered what?

Select the correct option

☐

Understaffing

☒

Overstaffed

☐

Overmanning

☐

Undermanning
